1. England will not be the same. It is not the same. What has begun is of me and in me, and me you now, have ignited/started, that [which] finished won't be soon, not; for in me is mighty man of valor, Esther, Mordecai and king of kings/surrenderers, surrendering not to cultural norms and antithesis of my heart/day, but now only me arises in armor of/in only me: light, light from light, true light begetting true light, not; but revealing it, father's being.

2. I love you son of the king/morning, dew not on your shoulders, for in the night you haven't been and won't see yet for the noon day is shining and cataclysmic is my/your name as you return to England so soon.

3. Eating the umbrella not, but bringing them out all will be, and putting them up when commanding the sun to shine; be still and know that I am God/him who sent me. It is day. Night cometh and is soon and see the man of glory glorified in his saints, not; but all glorified in the father, saints of saints, not; but fathers all; and who can see me begetting me? I love you.

4. England arises from/in ashes not but in my glorified body of bodies: 1. I love you. Linkage with America remains, revived, and who can see two nations one in my name; and who begets/begot who, the chicken or the egg, not; but the father in the son in the father now explodes dynasty of only me/my heart, Oneship the world,s reckon with, not in thought, superceding it/them you do, allward, allward, upward, in you is and we are one. I love you all.

5. You have just begun to see my hand/love in England in action. I love you, arise you, depend on you as never before thought, for what has thought to do with it/me, but surrender? I love you all. See England soon and arise from floodwaters of only me; and bring my sunshine and glossaries of only me in/of my words to/through you, in you now forming formations of/in only me. Schools arise. Strategy clears/clarifies, emerges emergent ones clarified to do my works and be me. I love you.

6. This is just the beginning and the next chapter unfolds so quickly, making your head swim not, but swimming in my liquid love flowing pure crystal river of pure thought, you surrendered wholly to me, in me, being me; and who was the other? There wasn't, isn't; and revealeth all next trip you abound in and televises/television your name now, see television arise you/me and channels limitless now your name, free; incarcerating not one/none, but freeing/**Isaiah 61-ing all to Isaiah 61 all;** and incorporate my ministry now, not; but so soon, there; and I will explain/clarify all details/necessaries for clarification of **my ministry/university in England**. I give you quarters of only me. Watch me. Proceed, inquire, and learn all/have all prepared for punch-button-go! I love you all.

7. This is just the beginning of my seas over my glory, not; but opposite. See what I have said and recant never a word or syllable in my tomes, not; that now come forth, but opening tombs of not-me, see all alacritize my wordship through them/each other and *the priesthood of all believers arising in surrender central.* I am one/planning central and my strategies/strategy I have given and confirm and clarify and lay all groundwork further that is needed I do now, alacritously.

8. I am my king/surrenderers. I have no subjects. I am universal in application, not; but pure liquid love. I give you all. Much meat/substance and happy I am you return/went, and so soon return in accolades of only me.

9. I am proud of my son, my daughter, my ones who heard, read, wrote, write, arise, and form the one body that one body already is, awakening my all from sleep imposed by not-me, never to sleep again. I love you all and into the region see and whoso can see the sun shine on my beloved/Esther? My all rise for my entry into my body as never imagined, never thought of, and cannot conceive on their on, but only in surrender. I love you.

10. Richard of me. Befriend your/my friend.

11. Now behold the son of man, clock standing still, not; but accelerates and altogether my word is true and everlasting eternal and father of one rises to salute/bow before his/the son returned, whole, to/in the kingdom, my kingdom, kingdom of heaven, one, kingdom of one, kingdom of us, surrenders all, to surrenderers all.

12. I love you bringing heaven to earth. Just the beginning. Just the beginning. Just the beginning begun. Arise Julie, Fred, Les, Fran, and who can see the rest now I give you from/in your labors? I love you deeply. Each see and commune with me and arise I do to bow before you. Risen ones arise, unite in surrender, see the son. You are him, him'ing all into surrender. For such a time as this you all were born/birthed and who can see my/their name on each other? I love you all.

13. Tony French-kisses no one but me. Watch me. Watch me take/arise my Tony/Tony's beyond worlds unknown into ***clarified*** sanctity, not; but simplicity of surrender ruling in love. I love you all.

14. This day England America arises and together all's many, leading leadership in surrendership. Behold the world of one, me. I love you all. Thank you for participating in the greatest revolution of mankind ever history'd. I love you.

15. Go in peace and greet my bride ready for you, all over throughout, and all provision made ready/granted of my father. I love you. I love them. I love you all. All are one in/becoming surrender.

16. The seas you part. Watch me. Collide not, justice not, but mercy. Man of war arises and man of peace dictates not but issuing edicts not, loves many into the kingdom, not; but slices/cuts the bands holding my body back/hostage, not; but in holds.

17. You my deliverer now, deliver edits not, but coming forth reign in peace/terror for out of my mouth, your body, now comes pure light/truth, your mind set free/complete as I originally designed, whole, whole, one. Me. We are one. Arise. Light. Bow. Clearance granted to other countries, not; worlds/universes. I give you all.

18. Document, clarify; let them all know who I am/you are/they are: I Am. Amen. Thank you. Peace. All in all around corner. I love you.
